

We're going to start off really simple. If you make under 30k a year here's all I want you to do.

You can commit to the "52 week Savings Plan" that means.....

Week #1 you save \$1 a week

Week #2 you save \$2 a week

Week #3 you save \$3 a week

If you do this as a pattern for 52 weeks, you'll save \$1,378.00 for the year!

Bracket Range

<u>Gross Annual Income</u>	<u>Wk#1</u>	<u>Wk#2</u>	<u>Savings</u>
